# 23 for '23

*Hi, I'm Aaron! I'm a photographer, educator, and mentor. I'm excited to feature 23 seniors for the Class of 2023.*

***Will you be one of them?***

*I'm all about service and comfort. Those two words are my top priority. I take pride in fast, clear communication. I provide the highest quality portraits and prints using the best equipment and technology available today. And every single person who has a session with me says how comfortable I made them feel and how much fun they had. I also take pride in being an inclusive photographer. No matter who you are, I will welcome you and everything you bring to your session.*

*I invite you to visit me soon  
for your contemporary portrait session.*

# What to Expect

1. We'll plan together and get to know each other. I'll learn about you and help craft ideas for our session together. We'll talk about your style, your interests, your plans, everything that's special about you.

2. We'll create photos (and have fun!) at your session. Bring your favorite outfits. Bring your personality and style. When it comes to posing, I've got you covered. I'll guide you to look your best!

3. We'll see your photos at our reveal and sales session. You'll select exactly which images you want. Our photo reveal will also be our sales meeting, so every choice will be made final at this meeting. We'll work together to create the perfect collection of artwork to preserve this moment in your life.

# Pricing Details

## **Deposit - \$500**

Your deposit includes:

- photography session on-location or at studio
- pre-consultation
- photo reveal and personalized sales session
- professional retouching of all purchased photographs

Your entire deposit goes towards your final purchase.

**Portrait packages start at \$1,300.**

**Wall art canvas pieces begin at \$350.**

**All portrait packages include print and digital versions of each image you purchase.**

\*\*Package prices do not include 7% Delaware County sales tax.

*I know that you might be nervous. In fact, every senior who meets with me has the **same three worries.***

## **Worry #1**

**I won't be comfortable with someone I've just met.**

At the end of nearly every senior session, I hear the same thing: "I was so nervous today before I got here. But you made me so comfortable. I had so much fun!" With 15 years of experience with seniors, you're in good hands with me. I keep everything relaxed and comfortable the entire time. I love meeting new people and finding out what makes each senior special. I can't wait to meet you and treat you to the memorable, personal session you deserve.

## **Worry #2**

### **I have no clue what to wear.**

The first thing I'll always say is to be comfortable. Pick an outfit that helps you feel yourself. I've done plenty of sessions where a senior wears an outfit that they thought would work but just didn't feel right. Then they switch to something they love, and the session completely changes. When you wear outfits that are so clearly *you*, then you'll be comfortable and happy. We'll work together to put together outfits that will work just perfectly for your session.

## **Worry #3**

### **I have no idea how to pose.**

Everything you see in this PDF magazine, on my website, or on [Instagram](#) is the result of the poses I guide each of my seniors through. I'll tell you exactly how to sit, where to put your feet, how to position your legs, and where to put your hands. One of the most important jobs I have is posing you to look your best, so don't worry--I've got you.

You deserve the best senior portrait session. You deserve portraits that show off your style and personality as you celebrate this important milestone.

With a fashion-forward, timeless style, your portraits will be the best portraits you've ever seen of yourself. And I'm here to guide you through everything.

You'll be comfortable from start to finish as I help you look your best.
